

ADITYA KUMAR

Product Designer | UI/UX Designer

Delhi, India | [+91 7291065019](tel:+917291065019) | adityakumar4727@gmail.com | [linkedin.com/in/adityakumar0973](https://www.linkedin.com/in/adityakumar0973) | links-adityakumar.vercel.app

CORE SKILLS

Product & UX Design: User Experience (UX) (2 yrs), User Interface (UI) (2 yrs), Design Systems (2 yrs), Wireframing & Prototyping (2 yrs), Interaction Design (2 yrs)

Research & Architecture: User Research & Usability Testing (2 yrs), Information Architecture (2 yrs), WCAG 2.1 Accessibility (2 yrs), Responsive Design (2 yrs), Dashboard & Data Visualization (2 yrs)

Tools: Figma (2 yrs), FigJam (2 yrs), Adobe Photoshop (1 yr), Adobe Illustrator (1 yr), Blender (1 yr), Inkscape (1 yr)

WORK EXPERIENCE

AlgobrainAI — UI/UX Designer | Remote | Oct 2025 – Dec 2025

- Architected and documented a multi-brand Design System of 80+ modular Figma components and design tokens, accelerating frontend delivery by 40% and unifying 3 web applications.
- Designed an end-to-end SaaS Restaurant POS and real-time order management interface, reducing table order turnaround time by 25% across 15+ daily active staff workflows.
- Developed responsive analytics dashboards featuring interactive data visualizations, enabling stakeholders to track 12+ real-time business KPIs with 99% data accessibility across devices.

FuturixAI — Associate UI/UX Designer | Remote | Aug 2025 – Sep 2025

- Overhauled core web platform UX adhering to WCAG 2.1 AA accessibility standards, improving usability scores by 25% and reducing bounce rates across key landing pages.
- Built 15+ high-fidelity interactive prototypes in Figma with micro-interactions and transition animations, validating user flows through usability testing with 20+ participants.
- Translated ambiguous product specs into low-to-high fidelity wireframes, user journeys, and information architecture diagrams across 4 distinct AI product workflows.

Okie Dokie — UI/UX Design Intern | Remote | Jun 2025 – Aug 2025

- Spearheaded end-to-end UX/UI design for cross-platform iOS, Android, and web apps, standardizing visual language and boosting daily active user engagement by 30%.
- Mapped complex user flows and constructed scalable Figma UI libraries, reducing design handoff friction and cutting engineering onboarding cycles by 35%.
- Integrated generative AI workflows into rapid visual prototyping and asset creation, cutting brand asset turnaround time by 50%.

Boediarto Company — Freelance UI/UX Designer | Remote | Mar 2025 – May 2025

- Partnered directly with product managers and cross-functional teams to transform product requirements into intuitive web interfaces, increasing user satisfaction by 15%.
- Crafted high-converting pitch decks, marketing collateral, and brand identity assets for 4 client campaigns, elevating stakeholder presentation engagement.

National Informatics Centre (NIC) — UI/UX Design Intern | New Delhi | Jan 2025 – Feb 2025

- Redesigned public-facing mobile application interfaces and navigation hierarchies, boosting user task completion rates and driving a 20% increase in user satisfaction.
- Created a standardized vector iconography library of 50+ custom icons and brand assets, increasing visual consistency and brand recognition by 30%.

Hestabit Technology — Django Developer Intern | Remote | Nov 2023 – Nov 2023

- Engineered multi-parameter vehicle search filters and REST query endpoints in Django, improving browsing speed for 5,000+ monthly active visitors.
- Optimized PostgreSQL database queries and integrated REST APIs, reducing page load latency by 30% and eliminating query bottlenecks.

EDUCATION

VIT Bhopal University — Bachelor of Technology in Computer Science & Engineering | Aug 2021 – Oct 2025 | CGPA: 7.31

CERTIFICATIONS & ACHIEVEMENTS

Certifications: [Google Foundations of UX Design](#) | [IBM User Experience Design Fundamentals](#) | [Internshala UI/UX Design Specialization](#)

Achievements: Grand Finalist in KAVACH 2023 National Cyber Hackathon (Team Trailblazers) | Finalist in Innovate You 2024 Techathon
